# Yerba Mate blend

## Susurro •Nativo•

The leaves that give life to our blends come from plantations in the heart of Misiones; where iron-rich red soils and a subtropical microclimate with no dry season create an optimal natural biosphere for the production of high-quality yerba mate and tea.

All our herbs are made using the *barbacuá* system: a careful dehydration process in the heat of logs; and later a 24-month parking period in order for the leaves to acquire their flavor and natural properties.

This extensive maturation guarantees a pleasant flavor and a delicate aroma.

**60% yerba / 40% herbs**

### Lagos

**Destemmed yerba mate**

**Composed with: Ginseng, Ginger, Schisandra, Thyme, and Guarana.**

It is a powerful natural mix that increases resistance against fatigue and stress, clears mental activity for greater concentration and stimulates physical strength.

With notes of red and tropical fruits, its flavor is as inviting as a sky in full sun.

# Yerba Mate blend

## Montañas

**Destemmed Yerba Mate** composed with: Rose Petals, Chamomile, Calendula, Star Anise, Cinnamon and Asian Centella.

Delicious compound that helps regulate bio cycles while renewing and repairing the body.

The delicately sweet bouquet expands the feeling of freedom and fullness and is inspiring to the mind like a summer morning.

Can - 180 g

Doypack - Refill 150 g

## Clásico

**Yerba Mate** dry leaves and twigs. Barbecue type drying.

From plantations located in the heart of Misiones: Panambí, an unbeatable biosphere for the production of high quality leaves.

Prepared using the barbacuá system, a noble dehydration process in the heat of logs plus a 24-month parking period. Its extensive maturation results in a pleasant and long-lasting flavor, enhancing its natural properties.

Can - 300 g

Doypack - Refill 150 g
